

Dear IFIP TC Chair,

I just received word that the new IFIP Corner is up and running. Anyone can now become a member of the Springer Computer Science Reading Room to access the 14 volumes of the WCC, and more! To sign up for the CSRR, please follow this link:
<http://www.springer.com/computer/reading+room?SGWID=0-40649-0-0-0>.

When users log into the CSRR (Computer Science Reading Room) they will see the IFIP link:

The screenshot shows the Springer Computer Science Reading Room website. At the top, there is a search bar with a 'SEARCH' button and a 'SEARCH BY' dropdown menu set to 'All'. Below the search bar, the text 'Computer Science' is displayed in a large font. There are two dropdown menus for 'Select your subdiscipline' and 'Select a discipline'. The breadcrumb trail reads '> Home / Computer Science / Reading Room'. The main content area features a section titled 'Computer Science Reading Room' with a sub-section 'Free Computer Science Journals'. A 'Special Offer' banner states: 'Special Offer: Access Journals from our Computer Science library. As a Springer Computer Science Reader, you now have free access to Computer Science journals, volumes of Lecture Notes in Computer Science (LNCS) as well as IFIP Online volumes. Enjoy and make sure to become a frequent visitor to the Reading Room and stay up to date in Theoretical Computer Science, Artificial Intelligence, Software Engineering and more. To access the free library click below:'. To the right, there is a green 'ifip' logo and a section titled 'IFIP Online Corner' with the text: 'Free access to select online volumes in the International Federation for Information Processing series' and a link 'IFIP corner'. Below this is a 'New Series' button and a section for 'Lecture Notes in Business Information Processing' (LNBIP) with the text: 'Become acquainted with LNBIP - Free Online Access LNBIP is the new publication forum in business information systems and industrial application software'. At the bottom, there is a link to 'Free Content Library' and a section titled 'Programming, SWE & Operating Systems' with the text: 'Now you have the opportunity to explore a selection of our journals & LNCS volumes within Software Engineering & Programming. Don't forget to sign up for Table of Content Alerts to receive new updates.' and a list of links: 'For a complete list of Journals, Textbooks & Forthcoming titles in the field click below on the provided links. Happy Exploring! Journals in Programming, SWE & Operating Systems Textbooks Programming, SWE & Operating Systems Forthcoming in Programming, SWE & Operating Systems'.

When members click on the link (IFIP corner) it will take them to the New! Welcome page for IFIP. Here members will be able to see the feature titles. **Access is for a limited time only, so contributors and editors should join the CSRR today to take advantage of this free access, as well as access to other books and journals of interest in the Computer Science field.**

IFIP Online Corner

Free Access to select online IFIP titles

The IFIP series publishes state-of-the-art results in the sciences and technologies of information and communication. The series includes: Foundations of Computer Science; Software Theory & Practice; Education;

Computer Applications in Technology; Communication Systems; Systems Modeling and Optimization; Information Systems; Computers and Society; Computer Systems Technology; Security; AI & HCI.

Education and Information Technologies

Official journal of the IFIP Technical Committee on Education. ...[More](#)

Free Access to World Computer Congress

2008 Volumes

Click on any of the titles below to directly access the online content on springerlink.

[Distributed Embedded Systems: Design, Middleware and Resources](#)
[Knowledge Management in Action](#)

[Biologically-Inspired Collaborative Computing](#)

[History of Computing and Education 3 \(HCE3\)](#)

[Human-Computer Interaction Symposium](#)

[Fifth IFIP International Conference on Theoretical Computer Science - TCS 2008](#)

[Advances in Information Systems Research, Education and Practice](#)

[Open Source Development, Communities and Quality](#)

[Artificial Intelligence in Theory and Practice II](#)

[Computer-Aided Innovation \(CAI\)](#)

[Proceedings of the IFIP TC 11 23rd International Information Security Conference](#)

[New Frontiers for Entertainment Computing](#)

[E-Government ICT Professionalism and Competences Service Science](#)

[Learning to Live in the Knowledge Society](#)
